FORM OF CUSTOMER NOTIFICATION LETTER

Champion Broadband California, LLC

Charter Fiberlink CA – CCO, LLC

May 24, 2007

Dear Customer:

Champion Broadband California, LLC (“Champion”) currently provides your cable service, telecommunications service or high-speed data service. Charter Fiberlink CA – CCO, LLC and its affiliate (“Charter”) have agreed to acquire assets of Champion in the community of Pasadena, California. Accordingly, Charter shortly will begin providing cable service, telecommunications service and high-speed data services to customers currently being served by Champion. Subject to obtaining state and federal regulatory approvals, we anticipate that the transition to Charter will occur on or about June 25, 2007. Unless you have begun using a service provider other than Champion prior to this date, Champion will transition your current cable service, telecommunications service and high-speed data service to Charter. If Champion is not your telephone service provider, the transition to Charter will not impact your telephone service or the selection of your telecommunications carrier. The rates you currently pay for cable service, telecommunications service or high-speed data service, as well as the terms and conditions of such service, will remain unchanged. If, in the future, there are any changes to your rates or the terms and conditions of your service, you will be notified of them by mail or by personal contact with a Charter representative.

If you do not currently have a term contract for your cable service, telecommunications service or high-speed data service, you have the right to subscribe to cable service, telecommunications service or high-speed data service from any service provider you wish. This decision is entirely up to you, and you may choose to switch to another provider either before or after the transfer to Charter occurs. Charter values your continued business and will gladly respond to any questions you may have about your service either prior to or during the change. Because of the transfer to Charter, a carrier change charge may appear on your bill. However, Charter will be happy to issue a credit against any such charge that appears on your bill due to the change to Charter. However, selecting a carrier other than Charter may also result in a charge being imposed for which Charter will not be responsible. If you have requested that no changes be made to your preferred local exchange telephone carrier without written consent (commonly referred to as a “freeze order”) that freeze order will remain in effect, although Charter will be designated as your preferred carrier.

Until the actual transfer date, Champion will continue to be responsible for all customer service and billing issues. You should contact Champion with any questions, complaints or other customer service inquiries you may have prior to the transfer. After the transfer date, you should refer your questions to Charter. If you have any questions regarding the transfer to Charter, please contact Charter at 626-430-3414.
